Special Projects	This programme comprises identified EBP projects that are available for 14-19 year-old students. Currently, this includes Business Briefings, De-briefing Work Experience, the Enterprise Game, the Skillbuild Programme, Preparation for Higher Education and certain Workplace visits. In addition, the Student Reception Project is available for Key Stage 3 students Please contact Enfield EBP for details of the charges relating to Special Projects programmes.					
Customised Projects	This programme comprises individually tailored activities or projects organised / customised at the request of individual schools / colleges, including WRL programmes and activities suitable for Key Stage 3. Requests from schools and colleges for particular workplace visits for students are included in this programme. Please refer to Appendices for further details. Please contact Enfield EBP for details of the charges relating to Special Projects programmes.					
Professional Development Placements (PDPs)	PDPs can provide an opportunity for staff to update their knowledge of developments in various employment sectors, support curriculum development, and enhance / develop leadership and management skills. There will be no charge for 'Standard' PDP programmes. Please contact Enfield EBP for details of the charges relating to Customised PDP programmes.
